

## FIRST WORLD MEETING OF BUDO MASTERS

Dear Masters, this event will be a great opportunity to bring together Martial Arts and masters around the world, to enrich the culture and brotherhood among arts, styles and persons, a great celebration of innovative format to share through seminars the endless Martial Arts techniques, a unique opportunity where to exchange views and share friendship.

Most of you are part of the select club of experts who have written or ever worked with our magazine, and that's why we want to offer you, before anyone else, the possibility of being also part of this great event.

Our magazine, currently published in 7 languages - Spanish, English, Italian, Portuguese, German, French and Chinese - and soon available in 10 by including three more (in November in Turkish language, then in Serbian and finally, during the beginning of the year, in Japanese), will support with all its media potential, networks and contacts this excellent initiative of the respected Master Sifu Paolo Cangelosi.

The event will be held in two days:

SATURDAY 16 AND SUNDAY 17 APRIL 2016 IN ROME-ITALY

The program will be divided into seminars and a Gala evening.

### **Details:**

SEMINARS: every master is entitled to a few minutes to share his own techniques; the available time may vary depending on the number of participating masters.

### **SCHEDULE OF SEMINARS:**

SATURDAY APRIL 16, 10.30 - 13.30 hrs.

SUNDAY APRIL 17, 10.30 - 13.30 hrs.

### **COST OF SEMINARS FOR STUDENTS:**

1 DAY € 30 UROS

2 days 40 € UROS

Masters to join the initiative of our event should confirm their participation stating whether they come alone or with their students before the end of November; in a second step, before February 28, they should send a list of their students with name, with a deposit of 20 euros per student.

The final settlement of the seminar shall be directly made on the day of the stage.

### **SATURDAY NIGHT GALA April 16 at 20.30**

Aperitif and buffet dinner. During the Gala certificates of participation will be awarded to all students. Masters will be awarded the Certificate of "Budo Masters Council Director", globally recognized and endorsed by the signature of the most famous masters of the world. Students in turn will receive a certificate of attendance asserting their participation in the meeting and signed by all of us.

Tutti i maestri che prenderanno parte alla nostra manifestazione, verranno inseriti nelle pagine pubblicitarie dell'evento sulla rivista e tutti i social network.

A Photocall will be available at all times in the same place of the Gala, where photographs will be taken with all board members, friends, students, etc.

Photographic evidence will be published in the Budo International magazine, at that time already translated into 10 languages, in an extraordinary article that will largely describe the whole event and its participants, highlighting the presence of each Master.

As Masters confirm their attendance at the Gala, they will be also included in the advertising pages of the event, both in the magazine and across our network.

Some examples of this advertising are inserted at the end of this document, showing some of the masters from all over the world, whose assistance has already been confirmed.

## **PRICE FOR THE GALA NIGHT: 80 € UROS**

Since the objective of the meeting is not monetary, but to cultivate friendship, respect and recognition of the work of everybody, each Master will receive € 10 for each student or guest they bring to the Gala Night. For the GALA night reservations, each master must send a list with the full name and a fee of € 80 per guest before February 28, 2016. Considering the great participation demand worldwide, please do not delay sending the lists, because reserves are limited.

Our director Alfredo Tucci has kindly placed himself at the service of the organization through his personal mail, [budo@budointernational.com](mailto:budo@budointernational.com), for all non-Italian friends who might have questions about the event, and he didn't want to pass up the chance to leave you a few words:

"Dear Budo Brothers, it's my pleasure to support this fantastic idea with which Master Cangelosi opens up a new stage in the relationship among the friends of our magazine.

Many of you know one another just for having read your articles in our pages; now you can do it in person. Many good things can come out of these meetings, which certainly should be based on the idea of fraternity, respect and synergy. We are all masters occasionally, but always students. Being part of this meeting and this select group will certainly be an added value to your biography and I will be happy to reconnect with all of you and act as, what I am indeed, your active communicator. I remain at your service and I look forward to see you all again in the Eternal City on such special days."
